Wyp (Sallagan)

The effort of
moral covers —
the degree of
"moral" or "moral"
is measured by
(solid?) is the amount
of effort and creativity
that goes into
(moral) device,

with rationalization
into "self description"
of the "self", the
"I" that comes, that
wants to be "moved"
and ~~appears~~ "moved"

Hershel

DK: The ^{subject} ~~subject~~ lie
is not ~~that~~ one
that ~~the~~ behind it
was necessary

but the lie that
the discussed (or could)
whether it was
necessary or not

(any more than on
contradiction of fire-
bombing)
